

FEC UNITED

Vision:

A state where faith, education, and commerce thrive, the government serves the interest of the People, and elected officials truly represent their constituents.

FEC Candidate Pledge

I acknowledge that my election constitutes a contract between me and my constituents honoring the oath I will take to the Constitution of the United States and State of Colorado and not special interests. I will go back into my community and listen to my constituents and always vote in their best interest--I work for them. ***If I break this contract by violating any of the pledges below, I will accept the consequences.***

- ***I acknowledge that*** all Americans are granted the rights endowed by the Creator: Life, Liberty and the Pursuit of Happiness; and that houses of faith, institutions of education, and places of commerce have the right to operate as they deem appropriate to serve their congregants, students, parents, customers, and employees without fear of closure and government overreach. ***I pledge*** to support and defend those rights.
- ***I acknowledge that*** the right to freely exercise religion is under attack and that Houses of Worship have lost their voice in policy and politics; that the first amendment guarantees the freedom of speech and assembly, yet the freedom to assemble has been removed and that the ability to speak freely from the pulpit is threatened. ***I pledge*** to honor all people of faith by not supporting, sponsoring, and/or voting for policies or legislation that restricts the freedom to worship and assemble or uphold the right of free speech from the pulpit.
- ***I acknowledge that*** parents are a child's first and foremost educators and have primary responsibility for the education of their children. ***I pledge to*** do all within my power to ensure that policies do not infringe upon the rights of parents and guardians to direct their children's education, medical care, and upbringing; and further, I will fight against the government's indoctrination through the education of our children.

FEC UNITED

- ***I acknowledge*** that the government cannot create prosperity, though the government can limit or destroy it through over regulation, weaponizing licensing, and determining essential versus nonessential businesses operations. ***I pledge to*** support commerce by promoting self-determination, the right to earn a living, and the protection of private property in all of its forms and to never allow the government to take those rights from business owners by shutting them down.
- ***I acknowledge that*** our healthcare system has been weaponized to be institutions of control and fear. ***I pledge to*** support patient, parental and custodial rights in the matters of healthcare and to never support measures that mandate or give the government authority over adult or minor health decisions.
- ***I acknowledge that*** our timeless and immutable liberties are under attack. ***I pledge to*** support and honor the original intent of the U.S. and State Constitutions by sponsoring and/or voting for Constitutionally based policies and/or legislation.
